

3/6T Mathematics Grid

Complete the two daily activities each day and send a photo via seesaw.

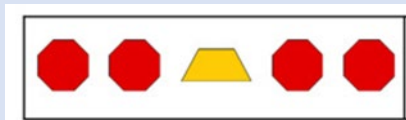

Tuesday

Draw or make five AB patterns – remember each pattern has to repeat 3 times

Tuesday

Draw or make five AAB patterns - remember each pattern has to repeat 3 times

Wednesday

Write all the friends of 10.

Wednesday

Pick a number between 1 and 100. Write down the number before and the number after. Do this for ten different numbers.

10 11 12

Thursday

Create an artwork using 2D shapes. This could be a drawing or a cut and paste activity.

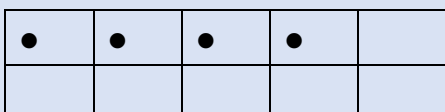

Thursday

Write down everything you know about the number 9.

Friday

Write the numbers 1-10 on pieces of paper. Turn them upside down. Pick one at a time and draw that number on a tens frame.

(Draw your own tens frame)

Friday

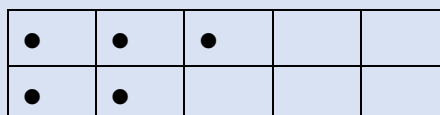

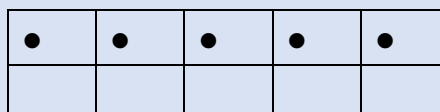

How many different ways can you show the following numbers on a tens frame?

7

9

4

8

etc

Tuesday – Friday

Maths seeds can be used throughout the day – this uses the same log in as Reading Eggs.

If you need your login details please let me know.
